

MANGO SWIPER

SWIPE CREDIT CARDS WITH YOUR MANGO MOBILE HANDHELD

CREDIT CARD SWIPER FEATURES:

- ✔ Easy-to-use and setup
- ✔ Reads credit cards three ways, chip, swipe or tap.
- ✔ Portable, convenient and compact size.
- ✔ Get 75 swipes between charges

COLLECT PAYMENTS FASTER AND ANYWHERE

Give your drivers the ability to swipe, tap and read credit card information anywhere. Mango Swiper allows your drivers to collect payment information in seconds and feed it directly to your Mango Mobile Software via a secure BlueTooth® connection. Get real-time approval on your credit card transactions in the field.

COMPACT AND CONVENIENT UNIT

Smaller than a credit card itself, the unit is lightweight, portable and convenient. No wires to mess with and can be taken anywhere. Just be careful not to lose it!

AFFORDABLY PRICED

At only \$59 per unit, we make it economical so all drivers can have Mango Swiper. This is a one-time charge with no additional monthly charges. Order yours today!

ABOUT THE SWIPER

Beginning with the 7.20 version of Route Manager, we have included new software to allow your drivers to use the Mango Swiper credit card reader to help them in the field. If your drivers take a lot of credit cards on route, this is the perfect tool to enable them to swipe, tap or chip read all types of credit cards. This device is smaller than a credit card and connects to your Mango Mobile handheld through an encrypted Bluetooth connection. It will save time as you will no longer need to enter credit card data by hand and is more accurate, too.

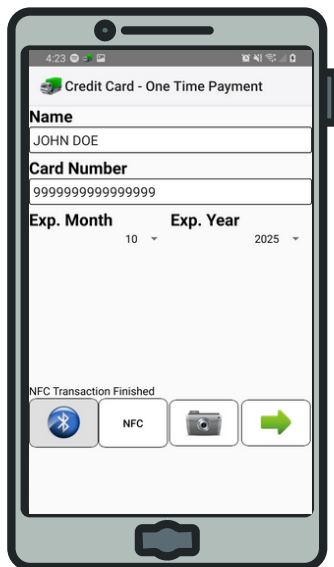

GETTING THE SWIPER TO WORK

This is done with a couple of easy steps.

- Adjust the settings on your desktop software so the Mango Swiper only accepts the type of cards you take.
- Fully charge the card reader with the included USB Cable.
- Once fully charged, pair it with the handheld that will be collecting credit cards. This pairing process only takes a couple of seconds.

Now you will be swiping in no time!

For detailed installation instructions please visit our web site at www.AdvantageRoute.com/swiper

USING THE SWIPER

Using the credit card reader is easy!

1. Make sure the unit is on and connected.
2. Go to the *Handheld Payment* screen in Mango Mobile.
3. Choose the *Credit Card* option.
4. Use Mango Swiper to **Swipe** the card (on the front), **tap** it anywhere on the front of the card reader or ***insert** the card (chip first).
5. When you first open the card screen, the status will say *Searching*. Wait for the screen to show *Connected* before using. You do need to be connected to an Internet connection (Wi-Fi or cellular-4G or 5G).
6. When the card info has been successfully read the status will show *NFC Transaction Finished*.

*If using the chip reader of NFC, you will need to manually enter the name of the card holder. This information is hidden for security purposes.

Inexpensive, easy-to-use and durable. What else do you need?

THE SWIPER IS INCREDIBLY PORTABLE:

- 2.25 X 1.75 inches and only ½ inch deep.
- Weighs just 2 ounces (57 grams)
- Charges with a USB-C cable
- Takes about an hour to charge
- Lasts for over 75 swipes when fully charged
