Mango Mobile Data is a mobile data service Advantage Route Systems provides to get your drivers on the road quickly at a price everyone can afford. Choose a mobile handheld device and we do the rest – making it easy for your delivery or service people to get on with their day-to-day duties. The handheld or tablet you choose comes with a cellular data plan and is preloaded with your RMA Software. We've partnered with US Cellular to bring you a powerful network with coast-to-coast availability throughout the United States.

HOW IT WORKS

1. Choose Your Device

Choose a Samsung A13 phone or A7 tablet from ARS.

2. Pick Your Term Length

Choose a month-to-month contract, or save more with a 24-month commitment.

3. ARS will prepare your handheld for the field.

We will preload your RMA software, activate the SIM card with the RMA data needed for your drivers. We will then ship it to your business – ready to go!

YOUR HARDWARE OPTIONS

You can choose from 2 devices:

- Samsung A7 lite tablet - 8" tablet with rugged case
- Samsung A13 - 5G phone device (with a 6.6" screen)

Month-to-month data plans are available or save more with a 24-month contract. You will need to pay for the phone as you activate your service.

Pricing and hardware specifications are on the following page.

WHY ARE ONLY DATA PLANS NEEDED?

Advantage Route Systems is able to offer such a competitive price on drivers cell phone access because it is only data. This does not include call or text message (SMS) capabilities. Through the Route Manager software, driver's orders, changes and messages can be sent using data only keeping the communication channel open.

WHAT NETWORK COVERAGE IS INCLUDED?

We've partnered with US Cellular to bring you a powerful network with coast-to-coast availability throughout the United States. Click here to view the coverage area. US Cellular uses an industry-leading technology to assure you the best coverage anywhere. Visit <https://advantageroute.com/mobile-data/> to view the coverage map.

HOW MUCH DOES THE DATA COST PER MONTH?

- After cell phone or tablet purchase from ARS - **24 MO COMMITMENT** - \$15/ month for first GB. \$12 for each add'l 1GB.
- After cell phone or tablet purchase from ARS - **MONTH-TO-MONTH** - \$18/ month for first GB. \$12 for each add'l 1GB.

DATA PLAN POOLING

If you have two or more devices on our plan, you can combine the plans for a monthly total. So, for example, if you have five plans, you get a monthly total for all five phones of 5GB.

ARE THERE ANY OTHER COSTS?

ACTIVATION FEE - There is a one-time \$35 activation charge for every device and data plan.

OVERAGE FEE - You will be billed for excess data at the rate of USD \$12 per additional GB of data usage.

WHICH DEVICES CAN I CHOOSE?

You can choose from either a Samsung Galaxy A13 phone or Samsung A7 Lite tablet and a data plan. Month-to-month data plans are available or save more with a 24-month contract. You will need to pay for the phone as you activate your service.
